Description of the exhibition "Brežice and Attems in the Interwar Period":

The Attems family strongly marked Brežice with their presence from the purchase of the Brežice lordship in 1694 until the end of World War II. The exhibition by the author Mihaela Kovačič presents the life and work of the last Count Attems on Styrian soil, Ferdinand Maria III. (1885-1946), as well as the castle and the family's influence on the wider local environment in the interwar period.

Photographs are kept in the museum Posavski muzej Brežice & library Knjižnica Brežice
